20 March 1962

**MEMORANDUM FOR:** Deputy Director (Support)

**SUBJECT:** Annex E - Permanent Parking

**REFERENCE:** Master Plan for Relocation of Agency Components,  
approved by the Deputy Director (Support),  
13 July 1961

1. This memorandum transmits a revised annex to the reference submitted for Deputy Director (Support) approval. Recommendation is contained in paragraph 3.

2. The interim plan for parking at Langley was initiated on 5 March 1962 to coincide with staggered hours. The interim plan and the proposed permanent plan enclosed are generally the same, except the latter includes the west lot, portions of the south lot not yet completed, and the area currently reserved by the contractor for his employees and equipment. Consequently, it is considered imperative that information regarding the permanent plan be disseminated to major components sufficiently in advance to facilitate planning and its implementation.

3. I recommend that you approve the enclosed plan. Subject to your approval, the plan will be prepared for reproduction and distribution on a controlled basis as determined by this Office.
